Google Earth Installation für neue Benutzer

For new accounts, follow these instructions:

Download and Installation
=====

To install and activate Google Earth Pro:

- 1. Click on the following link to register your license key: http://registration.keyhole.com/choice_kh_initialrtl.html
2. Download the latest version of Google Earth Pro at: http://earth.google.com/download-earth-pro.html
3. Follow the prompts to complete the installation.
4. The application will launch and a window that welcomes you to Google Earth will open.
5. Select the 'Auto login' check box in order to avoid this prompt in the future, then click "Log In". You should see a spinning globe in the main viewer window. Welcome to Google Earth!
